SKYDECK™
BY INTERAMERICA STAGE INC.

GridPlug™

SkyDeck™ is the leading solution for harness-free fall protection.

GridPlug™ is a protective sleeve that securely plugs into any standard 2x2 wire mesh.

- 4-7/8" x 4-7/8" x 1"physical dimensions
- Designed to protect power cords, lifting lines, ropes or cables from damage
- Protects wire grid from any wear and tear to the wires
- Can be permenantly or temporarily installed.
- GridPlug™ can be spread to swallow a line, chain, or cord already installed through the tension wire grid
- Material: Polyurethane (Shore Hardness - 95A)
- Standard Color: Black
